STYRELSENS REDOGÖRELSE / THE BOARD OF DIRECTORS REPORT

Styrelsen för Tree Partner Solutions AB (publ) org.nr. 559417–5514 ("**Bolaget**"), avlämnar härmed följande redogörelse i enlighet med 13 kap. 7 § aktiebolagslagen (2005:551) avseende värdering av apportegendom i nyemission.

*The board of directors of Tree Partner Solutions AB (publ), reg.no. 559417-5514 (the "**Company**") hereby provides the following statement in accordance with chapter 13 section 7 the Swedish company act (2005:551) regarding the valuation of the payment issued in kind.*

Better Globe AS, org.nr. 992 593 148, ett norskt bolag ("**BG AS**") har under en längre period erbjudit investeringsmöjligheter till privatpersoner och bolag ("**Investerarna**") bestående av finansiering av plantering och odling av träd i Kenya och Uganda varvid vissa rättigheter ("**Rättigheter**") till det ekonomiska värdet som därigenom genereras under tillväxten av sådana biologiska tillgångar (träd) ("**Tillgångarna**") genom avtal med BGAS tillfallit Investerarna mot bakgrund av avtal med BGAS. För varje genomförd investering har BG AS utfärdat och Investerare erhållit certifikat med uppgifter om antalet Tillgångar som svarar mot sådan Investerares Rättigheter ("**Certifikat**").

Better Globe AS org.no. 992 593 148, a Norwegian company ("BG AS") has for an extended period of time offered investment opportunities to private individuals and privately held enterprises (the "Investors") consisting of the financing of the planting and cultivation of trees in Kenya and Uganda whereby certain rights (the "Rights") have inured with Investor arising from the economic value generated by the growth of such biological assets (trees) (the "Assets") following from Investors' agreements with BGAS. Each investment has been documented by BG AS issuing and the Investor receiving a certificate specifying the number of assets (trees) corresponding to the Rights held by such Investor ("Certificates").

Tillåtlig apportegendom i nyemissionen ska endast vara Rättigheterna enligt Certifikat utgivna av BG AS och apportegendomen ska bestå av Investerares fordran mot BG AS enligt Certifikaten.

Permissible in-kind contribution property in the new issuance shall only be the Rights according to Certificates issued by BG AS constituting of an Investor's claim under the Certificates to the Rights from BG AS.

Styrelsens värdering av Rättigheterna är genomförd med utgångspunkt i en oberoende värdering av marknadsvärdet för samtliga ekonomiska rättigheter till de totala ackumulerade Tillgångarna till och med år 2021, genomförd under 2022 av Dutch Green Business N.V. ("**DGB**"). DGB är en ledande internationell projektutvecklare av högkvalitativa, storskaliga biologiska mångfaldsprojekt med expertis inom bland annat skogsbruk. I sin värdering lämnade DGB även ett estimat av värdeökning av Tillgångarna, utifrån marknadsvärdet för år 2021, baserat på den uppskattade ökningen av Tillgångarnas ackumulerade biomassa till och med år 2027.

*The board of directors' value assessment of the Rights is based on an independent valuation of the fair market value of all economic rights to the total accumulated Assets accumulated up to and including the year 2021, made by Dutch Green Business N.V. ("**DGB**") in 2022. DGB is a leading international project developer of high-capacity large-scale biodiversity projects with expertise in, among other things, forestry. In addition to its valuation DGB provided a prognosis of the estimated increase in the value of the Assets, as of the fair market value per 2021, based on the estimated increase of the accumulated biomass of the Assets up to and including year 2027.*

Styrelsen har, i syfte att värdera apportegendomen, gjort följande justeringar av det av DGB uppskattade värdet på Tillgångarna som svarar mot Rättigheterna:

In order to assess the value of the payment in-kind, the board of directors have made the following adjustments of the value estimate provided by DGB:

- Enligt DGB:s värdering ökar ett träd i värde för varje år som passerar sedan det planterats. Denna värdeökning är inte linjär över trädets livstid utan snarare exponentiell (d.v.s. för varje år som passerar ökar värdeökningen). Då DGB:s värdering av beståndet är gjord per 2021-12-31 har styrelsen justerat den totala värderingen, för att tillgodoräkna värdeökningen av det ett år äldre beståndet per 2022-12-31, i enlighet med de principer som DGB har tillämpat i sin värdering.

According to DGB's valuation, the value of a tree increases each year that passes since it was planted. This appreciation is not linear over the life span of the tree, but rather exponential (i.e., for every year that passes the rate of appreciation increases). As DGB's valuation of the assets is made per 2021-12-31 the board has adjusted the total valuation in order to account for the appreciation of the Assets over the year that has passed, per 2022-12-31, in accordance with the principles that DGB has applied in its valuation.

- Därefter har styrelsens skrivit ned värdet enligt följande: (i) fem (5) procent med hänsyn till risken för inträffande av betydande negativa förändringar bortom rimlig kontroll på Tillgångarnas fysiska miljö såsom innefattande men inte endast naturkatastrof, storm, eldsvåda, torka och/eller översvämnning och, (ii) två (2) procent med hänsyn till risken för inträffande av betydande samhällsförändringar med anledning det nuvarande internationella politiska läget såsom innefattande men inte endast krig, krigsliknande förhållanden, militär mobilisering, generellt inkallande till krigstjänstgöring, inbördeskrig, och/eller terroristattack, och (iii) tjugoem (25) procent med hänsyn tagen till vissa legala risker uppkomna med anledning av BGAS hantering av Rättigheter och Tillgångarna. Styrelsens uppskattar således värdet av Tillgångarna till det av DGB uppskattade värdet (efter den uppskrivning som anges i det föregående) minskat med totalt trettiotvå (32) procent.

In addition thereto the board of directors have made a downward reduction of (i) a reduction of five (5) percent due to the risk of the occurrence of an event causing significant negative changes to the physical environment of the Assets including but not limited to natural disaster, storm, fire, drought and/or flood and, (ii) a reduction of two (2) percent due to the risk of the occurrence of significant societal changes in connection to the current international political situation including but not limited to war, war-like instance, military mobilization, general conscription, civil war, and/or a terrorist attack and (iii) a reduction of twenty-five (25) percent, due to certain legal risks arising from BG AS' management of the Rights and Assets. The board of directors thus asses the value of the Assets to be DGB's estimated value (following the upward adjustment mentioned above) reduced by a total of thirty-two (32) percent.

Det noteras att apporten även kommer inkludera rättigheter till träd som är betalda men inte planterade under perioden 2022-01-01 – 2023-04-30, styrelsen bedömer värdet av dessa rättigheter som försumbart och har inte ökat värderingen med anledning härav.

It is noted the in-kind assets will also include rights to trees that have been paid for but are not yet planted, during the period of 2022-01-01 – 2023-04-30, the board have deemed the value of these trees to be negligible.

I enlighet med denna redogörelse värderar styrelsen därför en (1) Rättighet motsvarande en (1) Tillgång till ett värde per Rättighet om EUR 14,354 motsvarande SEK 168,467 beräknat med valutakurs per 28 juni 2023. Totalt kan 3.339.308 antal Rättigheter, till ett sammanlagt värde om EUR 47.932.427,032 motsvarande SEK 562.563.723,104 beräknat med valutakurs per 28 juni 2023, komma att utgöra apportegendomen och således beräknas apportegendomen tas upp i Bolagets balansräkning till högst totalt SEK 562.563.723,104. Det noteras att styrelsen kommer att göra en avrundning av värdet i SEK i syfte att genomföra emissionen med en enklare teckningskurs. Avrundningen kommer ske nedåt med några ören, detta innebär ytterligare en nedjustering av värdet av apportegendomen.

In accordance with this statement the board of directors' values each one (1) Right corresponding to one (1) Asset at a value of EUR 14.354, equivalent to SEK 168.467 as per the currency exchange rate on 28th of June 2023, per one Right. A total of 3,339,308 Rights amounting to a total value of EUR 47,932,427.032 equivalent to SEK 562,563,723.104 as per the currency exchange rate on 28th of June 2023 may constitute the payment in-kind, and a maximum total amount of SEK 562,563,723.104 may be included in the Company's balance sheet. It is noted that the board of directors will round off the SEK value in order for

the subscription price in the issuance to be simpler. The round off will be downward of a few cents, meaning an additional downward adjustment of the value of the payment in-kind contribution property.

Rätt att teckna sig för aktier medelst apportegendom enligt denna redogörelse ska endast tillkomma Investerarna, som ska ha rätt att teckna sig för ett antal aktier motsvarande tio (10) gånger antalet Tillgångar sådan Investerare äger Rättigheterna till enligt sådan Investerares Certifikat.

The right to subscribe for the new shares by way of the in-kind contribution according to this valuation report shall vest solely with the Investors, who shall have the right to subscribe for a number of shares ten (10) times the number of Assets that such Investor has the Rights to as set out in that Investor's Certificate(s).
